Funzioni relax

Il meccanismo relax viene azionato da un semplice dispositivo, collocato a lato del sedile, che consente di far scivolare in avanti la seduta e inclinare all'indietro lo schienale, ottenendo una posizione ottimale ed ergonomica senza alcuna sporgenza nel retro.

The relax mechanism is activated using a simple device located on the side of the seat, which slides it forward while the backrest tilts back, giving an excellent, ergonomical position without occupying any additional space behind the seat.

Massima flessibilità

ONE permette di avere la massima flessibilità di conformazione. È un divano che dispone di numerosi elementi componibili, fissi o con movimenti Relax Zero Wall, ideali per comporre liberamente lo spazio e soddisfare ogni esigenza di comfort.

ONE offers absolute flexibility of composition. This sofa includes numerous modular elements, both static and with Relax Zero Wall mechanisms, ideal for freely arranging your space and meeting all your needs in absolute comfort.
